H.MOURSI PORTFOLIO

Our Philosophy

ARCHITECTURE

Each project is special, it has its own DNA – client needs, program, orientation, land shape, location, climate and many others. we let these elements combine and integrate to create and design each and every meter in the space with an artistic touch.

INTERIOR DESIGN

Because we are dedicated to design each and every meter in the space. Our interior designs converts dreams and needs into a real space that users would love to interact and live in.

URBAN & LANDSCAPE

Urban, Landscape and Buildings are like musicians at the same orchestra, our designs respects the richness of this variety to create an integrated dialogue and design.
